Education

B.S in Computer Science | San Jose State University   **Expected Fall 2022**
Certificate - UC Berkeley Coding Boot Camps
Associate Degree in Science - College of Alameda
Associate Degree in Math - Laney College
Current GPA 3.8
Relevant coursework: Data structures and Algorithm, Object-Oriented Design, Operating Systems, Computer Architecture, etc.

Technical Skill

Java, JavaScript, MySQL, HTML, CSS, NodeJs, API, ReactJs, Redux, Python, JQuery, MongoDB, C++

Current Project

Political Quiz - (React, MySQL, Express, NodeJs, HTML, CSS, Bootstrap) / Full-Stack Developer
https://kickstart-political-quiz.herokuapp.com/
https://github.com/Hang-Ho/kick-start-proj
This project with the purpose of informing users about the various political parties in the United States. The quiz we created determines the political party that best suits a user's interests by asking them questions regarding prominent political issues.

Hot Restaurant - (React, MySQL, React-Bootstrap) / Back-End Developer
https://young-savannah-95030.herokuapp.com/
https://github.com/danghaonhien/hot-restaurant
This website is designed to make a platform for the Hot Restaurant to communicate with its customers and visitors. By using a visual approach and providing features such as making reservations online, the app makes it more convenient for customers.

FlashCard Master - (MongoDb, ExpressJs, NodeJs, ReactJs, Redux, Semantic UI) / Back-End Developer
https://glacial-mountain-45940.herokuapp.com/
https://github.com/danghaonhien/FlashCards-Master
A MERN stack application that creates a platform for users to study through flashcards and quizzes. Users can also have a playground to interact with others.

Other Skills

Written and Verbal languages: English and Vietnamese
